INSTRUCTION BOOKLET

WARNING: PLEASE CAREFULLY READ THE PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION - READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

⚠ WARNING - Seizures

Some people (about 1 in 4000) may have seizures or black outs triggered by light flashes, such as while watching TV or playing video games, even if they have never had a seizure before.

Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.

Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions	**Eye or muscle twitching**	**Loss of awareness**
Altered vision	**Involuntary movements**	**Disorientation**

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

⚠ WARNING - Repetitive Motion Injuries

Playing video games can make your muscles, joints or skin hurt after a few hours. Follow these instructions to avoid problems such as Tendonitis, Carpal Tunnel Syndrome or skin irritation:

- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms during or after play, stop playing and see a doctor.

⚠ WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

GAME BOY ADVANCE

mary-kateandashley™ Sweet 16 is for up to four players, using the Game Boy® Advance Game Link® cable (sold separately). Each player must have a mary-kateandashley™ Sweet 16 Game Pak.
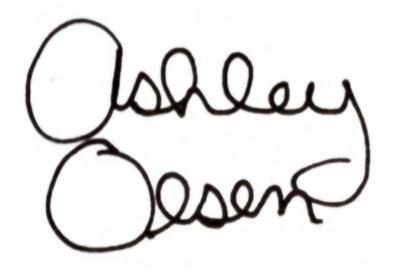

At the title screen, press **START** to advance to the Main Menu.

Introduction

This year we made a mega-step towards the future: we turned 16! That means all sorts of freedom and responsibilities. It's not always easy, but it's great to be growing up.

We've worked hard to earn our driver's licenses, and it's fun to be able to go places and do things, but now we also have all sorts of errands to run for our parents, each other and friends! Let's turn up the tunes and go for a cruise. There are lots of fun things we can do to earn points to throw a super cool birthday party!

Main Menu

At the Main Menu, you will have these choices:

Adventure   Complete a series of fun driving missions helping your friends and family get around.

Arcade   Play minigames such as ATV Race, Jet Ski Race, Trivia, Surprise Party, and more.

Multiplayer   Play with up to 3 friends! (Requires Nintendo Game Link® cable.)

Options   Set up the game to suit your taste.

Password   Access the password menu to input a password, allowing you to resume play where you left off. (See page 7 for details).

OPTIONS   Before you begin play, you may wish to set up these options:

Music   Choose to play with music ON or OFF. You also have a chance to listen to the various sound effects and music samples in the game.

Credits   View the crew who created the game.

OK   Return to the Main Menu.
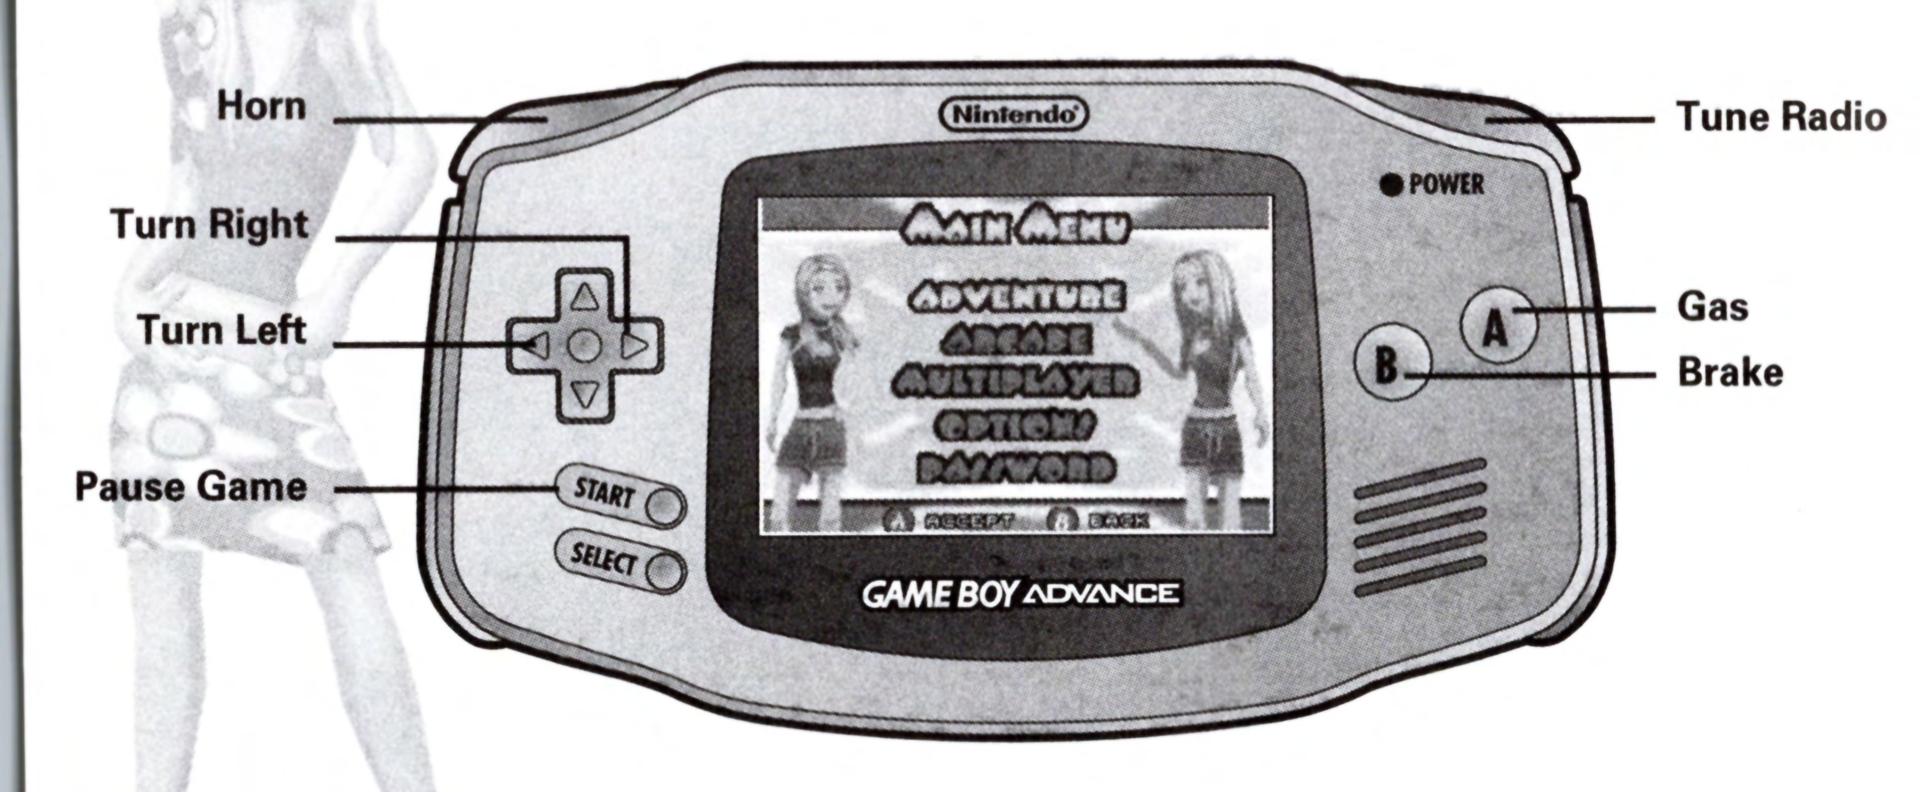

Passwords

As you progress through the chapters in **Sweet 16**, you'll receive passwords which track your score and allow you to resume play at the next level. It's a good idea to to write down your passwords in the *Notes* section at the end of this booklet.

To input a password, press a direction on the **Control Pad** to highlight a character, then press the **A Button** to input the character. Continue until you've correctly entered a password, then highlight **DONE** and press the **A Button**. To cancel password input at any time and return to the Main Menu, press the **B Button**.

Picking Up and Dropping Off

A big part of the game is picking up a person or item and then driving to the drop off location.

To make a pick up, drive over the **GOLD CIRCLE**. When you reach your destination circle, halt the car to automatically register a successful drop off. Congratulations!

Tuning the Radio
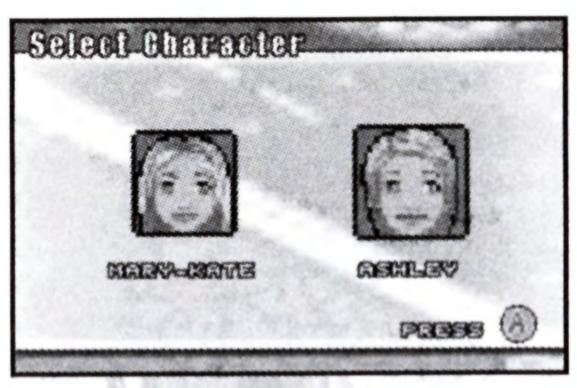

Press the **R Button** to change the music playing on your car radio. In a Multiplayer game, each player can control her own radio.

Starting Play

First, select your game mode on the Main Menu.

Choose a Difficulty Setting.

Once you choose a game mode, you will advance to the Difficulty Screen, where you can choose among three degrees of game difficulty: Easy, Medium and Hard. Easy is the default. The harder the difficulty setting, the less time you have to complete missions and the fewer tickets you are allowed before your mission fails.
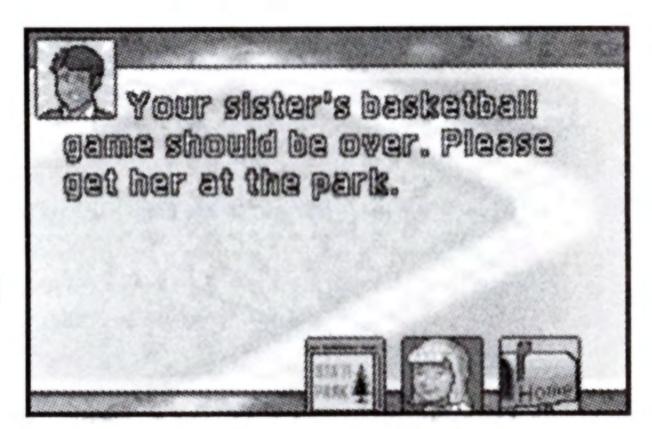

Choose a Character

After selecting your difficulty setting, you can choose the character you wish to play as. In the Adventure game, you can play as Mary-Kate or Ashley. In Multiplayer mode, there are more characters to choose from and you can play as any one of them.

Mission Screen

Here's where you find out what you'll be trying to accomplish in your next mission (or errand). At the top left is a picture of the person who is sending you on the mission. The icons at the bottom of the screen represent the pick up location, who or what you need to pick up, and your final destination. In some cases there will be a bonus mission (given during the errand) which you can complete to earn extra points and extra time as you try to complete your main goal.
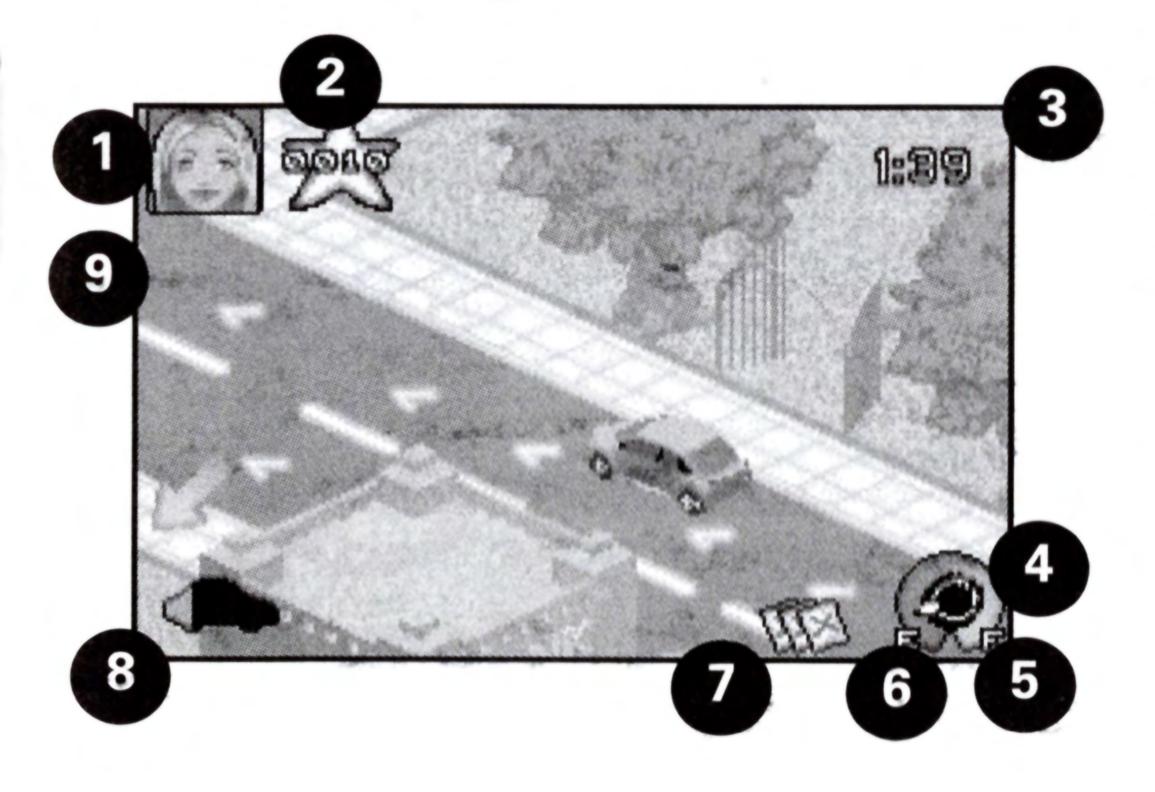

Choose a Car

Once you choose your character and view the mission screen, you'll get the chance to pick the type and color of car you want to drive OR to

view the car assigned to the mission. Of course it's nice to have a dream car, but that may not be the one you drive on any given mission. For example, your character's dream car may be a flashy red convertible, but you may be using Mom's family car to pick up Dad!

Game Display

1 Character	Shows the character in control.
2 Points	Your current points.
3 Timer	Time remaining to complete the mission.
4. Location Circle	Colored circles are destinations. Gold circles are pickup/drop off points related to the main goal of the mission,

while Red circles show a gas station/car wash. Blue circles are bonus pickup/destinations. Some bonus missions have only one stop, while others have two.

5. Fuel Gauge   Displays the amount of fuel remaining. When it's time to get gas, the fuel gauge will flash.

6. Timer   This displays the time remaining to complete the mission.

7. Tickets   This yellow square will show a red X every time you get a ticket. Tickets are given for going the wrong way and for hitting another car. If you get too many tickets, your driving privileges will be suspended. The number of tickets allowed before you fail your mission depends on the difficulty setting. Easy allows four tickets, Medium three and Hard allows you just two.

8. Car Condition   The condition of your car is displayed by a car icon in the lower left of the screen. When all is right, the icon is orange. When your car gets dirty or gets damaged in a collision, the icon darkens. When it turns black, get to a gas station right away to get the car cleaned or repaired.

9. Direction Arrow   A direction arrow is always present to guide you to your destination. The direction arrow points "as the crow flies"—it's up to YOU to figure out the best path to take! Generally, the arrow is gold. If you need to stop at a gas station to refuel or get the car cleaned, the arrow will become red and indicate the direction of the gas station.
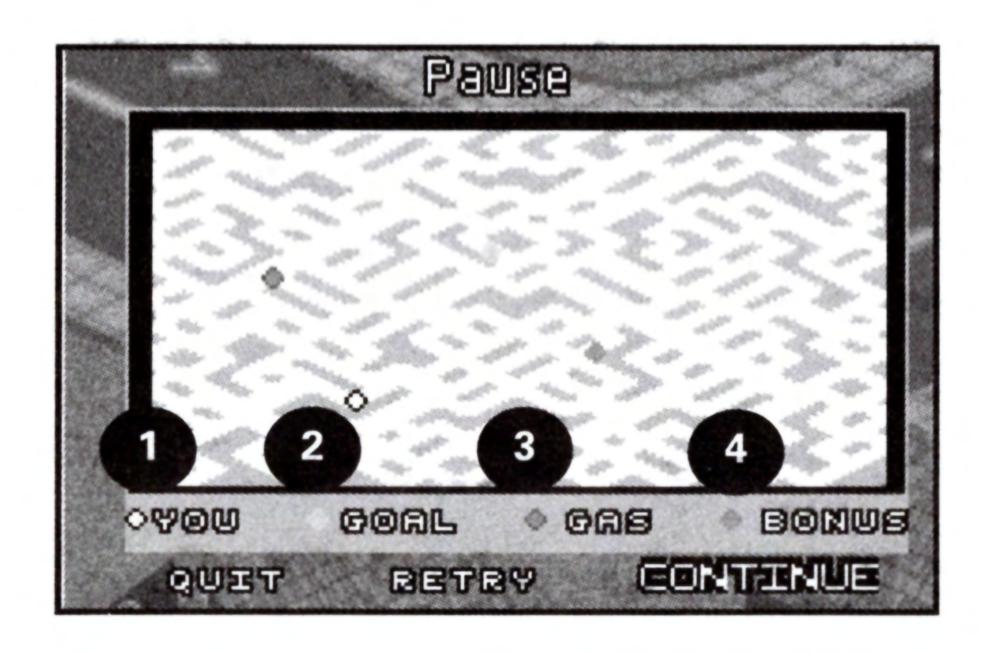

Pause Display
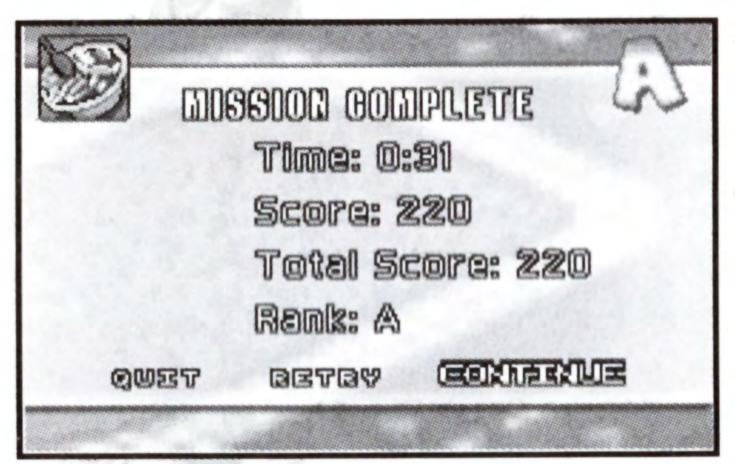

Pause Map

1. WHITE DIAMOND
Your Current Location

2. GOLD DIAMOND
Your Goal (Destination)

3. RED DIAMOND
Gas Station/Car Wash

4. BLUE DIAMOND
Bonus Pick up Location

Press **START** at any time during a game to pause the action and bring up the pause map screen. This will give you an overview of the current game situation, and allow you to continue the current game, retry the current game from the start, or quit to the Main Menu. Continue is the default. Press left or right on the Control Pad to highlight your choice, then press the **A Button**.

Results Screen

MISSION COMPLETE
Time: 0:31
Score: 220
Total Score: 220
Rank: A

QUIT   RETRY   CONTINUE

At the end of a mission, you will see the results screen which displays the time taken to finish a mission, a letter grade for the level (your rank), the number of points you earned and whether or not you successfully completed your mission. If you fail the mission, you can retry it. If you complete it, you can continue onto the next one.

Caring For Your Car

Keeping your car clean and in good repair is fundamental, and a must if you expect to enjoy the privilege of driving.

Points

You begin with zero points and must earn points by running errands. Taking care of a car costs, and you will spend points every time you get gas, have the car washed, make repairs, etc. You can earn points by running errands (completing missions). If you're extra good, you might be able to start up an errand service to earn extra points.

Gas

No surprise, you need gas to keep your car moving! When the meter nears empty, pull into one of the gas stations (marked in red) and fill 'er up.

Car Wash

Same as the gas stations, car washes are marked in red. When your car turns black, it's clear your ride wants a rinse, so quickly bring it on in.

Repairs

From flat tires to more serious repairs, when something goes wrong you'll need to get it fixed at the gas station. That includes damage from collisions, so drive carefully!

Stars

Drive over a star to collect extra points.

Game Modes

Adventure

In Adventure mode, you play through a series of missions and try to complete them all in order. Earn as many points as possible by completing the missions.

At the end of certain missions, you'll have a chance to try some bonus games that will earn you big points if you do well. Try to earn enough money over the summer to throw a big party for you and your friends!

Arcade

As the name suggests, Arcade mode features a wide variety of amusements allowing you to earn points and enjoy racing and trivia fun. You have these games to choose from:

ATV Race
Get off the asphalt and enter the world of exciting ATV off road racing!

ATV Park Clean Up
The park is a mess, and it's up to you to guide your ATV around the park and pick up the trash people have left behind.

Jet Ski Race
It's splashing speed and wet, wild excitement as you pilot a jet ski to the foamy finish line!

Race The Vote

It doesn't matter which candidate they favor, it's your job to get out and plaster posters everywhere encouraging the public to exercise their constitutional right to elect the leader they deserve!

Delivery Race

Everyone likes to have menus at their doorstep. It's like having food at your fingertips! Luckily, you're out there trying to deliver as many menus as quickly as you can.

Trivia

Answer multiple choice questions to earn points. This minigame is an excellent way to practice for your driving exam!

Multiplayer
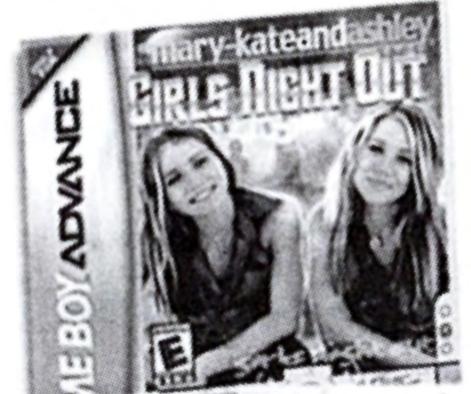

Multiplayer games are versus-style games and can be played with up to four players. You can compete against your friends in Adventure mode or in any unlocked Minigame.
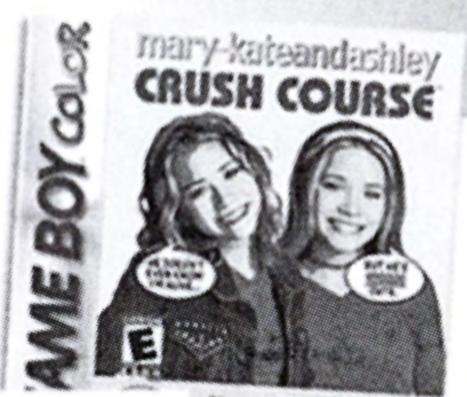

NOTE: Each player must have a mary-kateandashley Sweet 16™ Game Pak and a Game Boy® Advance. A Game Boy® Advance Game Link® cable (sold separately) is required for every two players. See your instruction booklet for details on requirements and proper set up.

Notes... don't forget to write down your password
